December 2021

To my fellow supporters of Ouimet Scholars,

Let me begin very simply – thank you! Thank you for your incredible generosity and ongoing support of the Ouimet Scholars. As a proud Alumnus of the Francis Ouimet Scholarship Fund, I hope to speak for my fellow 6,325 grateful scholarship recipients who owe you a debt of gratitude for all you have done for The Fund. Your support of the Ouimet Endowed Scholarship Program demonstrates that you are willing to go above and beyond to help create educational opportunities for deserving young men and women throughout the Commonwealth.

With generous financial additions from supporters like you and the careful stewardship of our investment team, the 173 endowed funds now total more than \$26 million today! Together with our Bag Tag Program, Golf Sprint, Annual Banquet, and Annual and Alumni Funds, the endowment provides the philanthropic resources we rely on each year to help meet the financial needs of the nearly 450 young men and women who benefit from the Ouimet Scholarship.

The economic impact of the pandemic has remained with many families in the Ouimet community, and we don't expect the financial burden to lighten in 2022. The world around us has become more expensive, including the bottom line of the annual tuition our college students are required to underwrite. As the financial need continues to rise, we rely on the growth of the endowed program to provide the necessary long-term stability that will help families weather this uncertainty. By sharing your success through giving back to Ouimet Scholars in pursuit of their higher education, you provide these deserving recipients the opportunity to leave college with little or no student debt.

I am proud to say I am an Alumnus of this great organization, I am confident that my experience growing up caddying and interacting with members at Salem Country Club set me on a path that helped me become who I am today. Thus, I knew I wanted to give back to the game of golf and the organization that continues to shape lives today. In 2012, my colleagues and I established the Brown Brothers Harriman award to recognize Mr. Ouimet's history with the company. Additionally, just last year my wife Celine and I joined you again to establish the Holland Family Endowed Scholarship, something our entire family can be proud of for years to come. We have enjoyed hearing personally from the recipients about the impact the financial support has provided them and their families for each award, I hope that philanthropic experience is one you also cherish.

As I start my time leading the Development Committee, I want to be sure to thank Duffy Brent, himself an endowed scholarship creator. He was the longtime Development Committee chairperson and was integral in helping The Fund reach new scholarship goals each year. However, as we forecast continued increases to college tuition across the country in the coming years, our organization has made ambitious plans to grow our award level to an annual figure of more than \$5 million in need-based scholarships when we reach our 75th anniversary in 2024. After the events and difficulties of the past 18 months, and with the 2022 U.S. Open returning to the famous grounds where Mr. Ouimet's story began, this moment feels like a kick-off to the next exciting chapter for the Ouimet legacy.

As you read this publication, I hope you might consider joining the community of impactful philanthropists who have created Endowed Scholarships to give back to Ouimet Scholars pursuing their higher education. They are a major reason the Endowed Scholarship program has grown to include 173 named endowed funds accounting for more than 40% of annual scholarship awards, and how The Fund will reach new heights in the coming years!

If you wish to learn more about this vital program, please reach out to me, one of my colleagues on the Board, or a member of our Ouimet staff. Thank you for your continued commitment to the Scholars. I wish you all the best in 2022!

The Ouimet Endowed Scholarship Program

The Ouimet Fund Endowed Scholarship Program has become our cornerstone for growth. Endowed scholarships are permanently restricted funds invested to ensure the existence of the scholarship in perpetuity. The program offers the donor the ability to tailor their gift and the resulting named award to suit their philanthropic goals. Since 1991, the number of endowed scholarships invested with The Fund has grown from 5 to 173 awards.

A unique quality of the Ouimet Fund Endowed Scholarship Program is that it permanently links the donor, honoree, or sponsoring organization with golf, Francis Ouimet, youth, and education. Every year, we are thrilled to communicate with the donors and/or honorees to let them know about the student(s) they are helping and what makes them worthy recipients. We often hear of the satisfaction they feel knowing they've made an additional difference in a young student's life. The award recipients often send letters of gratitude to their benefactors letting them know the importance of their incredible support.

Endowment Is Important To The Future Of The Fund

Frequently Asked Questions

Endowed scholarships are vital to the Ouimet Fund and our Scholars. The endowed awards broaden The Fund's financial base, and proceeds significantly add to our scholarships, lessening our dependence on annual fundraising and events and increasing the dollars available to support all of our Scholars.

Is A Ouimet Endowed Scholarship Right For You?

The 173 endowed awards established with the Ouimet Fund were funded in various ways. The common thread among them is that the contributions come from individuals, families, or special groups who wish to honor a deep commitment and connection to young people, education, the game of golf, and Francis Ouimet.

1) Who should endow a scholarship? The ideal candidate is someone who has, or their family has, a deep affinity for golf, or has or had a parent or loved one who shares that deep affinity for golf, and who would like to be permanently associated with golf, Francis Ouimet, or helping young people afford a college education. Family members, for instance, may together create an award in the name of their mom or dad. Other candidates include companies or organizations close to golf or have an educational focus in their philanthropic priorities. Members of those organizations may collectively donate and even approach vendors to contribute to a special cause.

2) How can I ensure that my philanthropic goals are realized? The Ouimet Fund's Endowed Scholarship Program allows the donor to "personalize" a scholarship by determining qualifications that are important to them. Current Ouimet endowed scholarships include awards for Ouimet Scholars who are, for instance, in a particular field of study, Scholars from a specific club or region of the state, a female Scholar, or an inner-city Scholar. Candidates meeting these restrictions will be given priority. Donors may create their award with very defined restrictions or broader terms, or the donor can allow The Fund to select a deserving recipient.

3) How can I make my contribution? Ouimet endowed scholarships can be funded in a variety of ways:

- **Cash Donations:** These can be made with a one-time donation or split up over two to five years based on a contractual agreement.
- **Gifts From Appreciated Stock:** Donors may wish to take advantage of the tax savings by making a gift of appreciated stock that The Fund would then sell to establish the award. Consult your tax advisor for more information.
- **Memorial Donations:** People frequently designate the Ouimet Fund for memorial donations when a loved one passes away. Occasionally, these donations have been significant, and people have "rolled" them into endowed scholarships by making additional contributions.
- **Memorial Tournaments:** The donating group can organize a memorial tournament, and the proceeds used to fund a permanently endowed scholarship.
- **From a Fundraising Effort:** Several organizations have funded endowed awards by soliciting their constituents to donate toward the endowed scholarship. Each of the individual donors was able to deduct the donation.

4) Can I gift money from my IRA and receive a charitable tax deduction? The IRA Charitable Rollover has been permanently extended, but we suggest you consult your tax advisor on its current application. The Rollover has allowed individuals aged 70½ and older to make direct transfers totaling up to \$100,000 per year to 501(c)(3) organizations, such as the Francis Ouimet Scholarship Fund, without counting the transfers as income for federal income tax purposes. However, the transfers do count toward that person's required minimum distribution for the year. Transfers must come from your IRAs directly to the Ouimet Fund. If you have retirement assets in a 401(k), 403(b) etc., you must first roll those funds into an IRA, and then you can direct the IRA provider to transfer the funds from the IRA directly to the Ouimet Fund.

5) What Will I Receive For My Contribution? Most importantly, you will receive the satisfaction that comes with realizing your goal of helping young people attain their college dreams. You will also receive annual information from The Fund detailing the student(s) who will be receiving your scholarship, as well as critical financial performance data on your fund and the Ouimet Fund in general. As a token of our gratitude, you will also receive a special "Francis Ouimet and Eddie Lowery" framed plaque which is presented to each sponsor or honoree. Awards are listed annually in this publication, in the Annual Impact Report, and are permanently engraved on a special recognition board at the Ouimet Fund offices at the William F. Connell Golf House.

Why the Ouimet Fund?

The Francis Ouimet Scholarship Fund was founded in 1949 and is one of the most respected charities in New England, having awarded more than \$43 million in scholarships to nearly 6,325 students, many of whom have gone on to outstanding careers in business and professional positions. The Ouimet Fund is considered "The Golf Charity of Massachusetts"[™] and is supported by over 75 clubs, all of the golf organizations in the state as well as many individuals, companies and foundations. In the last five fiscal years alone, which will end on March 31, 2022, the Ouimet Fund will have awarded \$12 million in scholarships.

Donation and Financial Information

Frequently Asked Questions

Donation Level: The minimum donation required to establish an endowed scholarship is \$50,000. Frequently, endowed scholarship creators make ongoing donations to increase the impact of their awards.

Pledging Over Time: A donor may agree to donate over a period of one to five years, if necessary.

Tax-deductibility: The donation to fund a scholarship and any additional contributions, are tax-deductible to the full extent allowed by law.

501 (c) (3) Tax-Exempt Organization: The Ouimet Fund has been a non-profit, tax-exempt organization in good standing since 1949. Tax ID #04-2234126.

Portfolio Management: The Fund's endowed scholarship portfolio is managed by UBS and has performed well historically.

Audit Report/Yearly Financial Report: The Ouimet Fund has an independent audit each year by a firm specializing in non-profit organizations and private schools. This can be found on our web page, www.ouimet.org.

Amount of Annual Scholarship: The annual amount of the endowed award is generally 5% of the total of the endowment. The endowed award is made as part of, and in addition to, the general Ouimet Scholarship awarded. Endowments of greater size can be created to provide more than one scholarship per year.

Management Fee: The Ouimet Fund draws 1% of the principal each year from each endowed fund and transfers that amount to the annual operating budget. This helps offset the increasing costs associated with operating and managing the endowed scholarship program.

Contract: Upon establishing a new endowed scholarship, the Ouimet Fund requires a contract that is a standard agreement used by schools and colleges. The contract protects the donor, the student recipient and the Ouimet Fund. The contract stipulates any special restrictions requested by the donor and agreed upon by the Ouimet Fund.

"Enduring Value" of the Endowed Scholarship: The permanently endowed scholarship gives a donor an excellent return for their investment. As the award is made yearly, there is an annual recognition of the donor and honoree.

Scholarship Management and Selection

Selection of Recipients: The endowed scholarship recipients are current Ouimet Scholars. Often, they are Scholars with more substantial need who have been in the Ouimet program for a couple of years and have a "track record" of accomplishment.

Notification of Recipients: The Ouimet Fund will notify the individual recipients of each award, and give them an overview of who established the award, including some information on the honoree.

Notification of Recipients: The Ouimet Fund's staff reviews all Scholars annually. The Executive Director will inform the donors of selections for each award in mid-December, following the notice to students.

Ouimet Eligibility: Applicants must have completed at least two years "service to golf" as caddies or in pro shop or course superintendent operations at a Massachusetts golf course. The awards are "need-based" and assist with tuition at accredited undergraduate institutions.

Management of Scholarship: The Ouimet Fund's professional staff manages the scholarships.

What if no Scholar meets the specified qualifications?: The Ouimet Fund seeks to have each endowed scholarship help a student with need and if the restrictions are too narrow to identify a Scholar, a student who does not fit the preferred restrictions will be selected.

Waiting Period: If an award is scheduled to be paid over multiple years, until the full financial obligation has been met, a token award will be made from Ouimet Scholarship contingency funds.

"Looks Great on a Resume": The Ouimet endowed awards are considered highly prestigious and past recipients list them on resumes.

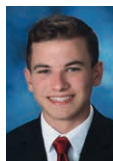

Announcement/Promotion of Awards: The Ouimet Fund lists each award annually in its Annual Impact Report and gives further description in this publication. A photo of the honoree is often included and each year the photo of the recipient is published in this report. The Ouimet Fund will also present a plaque to the donor, if applicable. Making use of its multitude of social media channels, The Fund publicizes and recognizes recipients through weekly social media posts, as well as highlighting the awards and recipients on our website.

"Receiving the Ouimet Scholarship has positively impacted my life financially. My mother was diagnosed with Leukemia four-years-ago, which completely shattered me and forced her to quit her job as a nurse. The one piece of relief I hoped to give my parents was this scholarship, so I was immensely grateful when I received it, and it is because of the scholarship that I could return to Springfield College. Thank you!"

"Without my Francis Ouimet Scholarship, my college experience would be extremely different. I pride myself on my involvement on campus, and I would have to work instead of getting involved were it not for The Fund. I have been able to network, make friends, and work towards my career goals through my school involvement, and the Francis Ouimet Scholarship Fund has made that a possibility; and for that, I am beyond grateful. Thank you!"
